Winter will soon be here, and with it the most contemplative time of the year. A very special Christmas experience awaits you at the Steigenberger Hotel Treudelberg in Alstertal: the Treudelberg Company Christmas Market. Show your employees loving appreciation and let the business year come to an end in a warm and cozy atmosphere. Employee loyalty is a decisive factor for your company's success, especially in times of increasing shortage of skilled workers. Happy employees are the best business card. With us, you can say a heartfelt "thank you" and sustainably increase the bond to your company.

A fabulous little Christmas market awaits you amidst the magnificent backdrop of the Steigenberger Hotel, which will appeal to all your senses. You can look forward to seven lovingly designed huts offering handmade Christmas gifts and artful presents, and you and your team will be spoiled with homemade Christmas specialties.

The attention to detail is also evident in the delicious pastries and warming mulled wine offered at the market. The Christmas music in the background completes the ambience and makes everyone forget about everyday life.

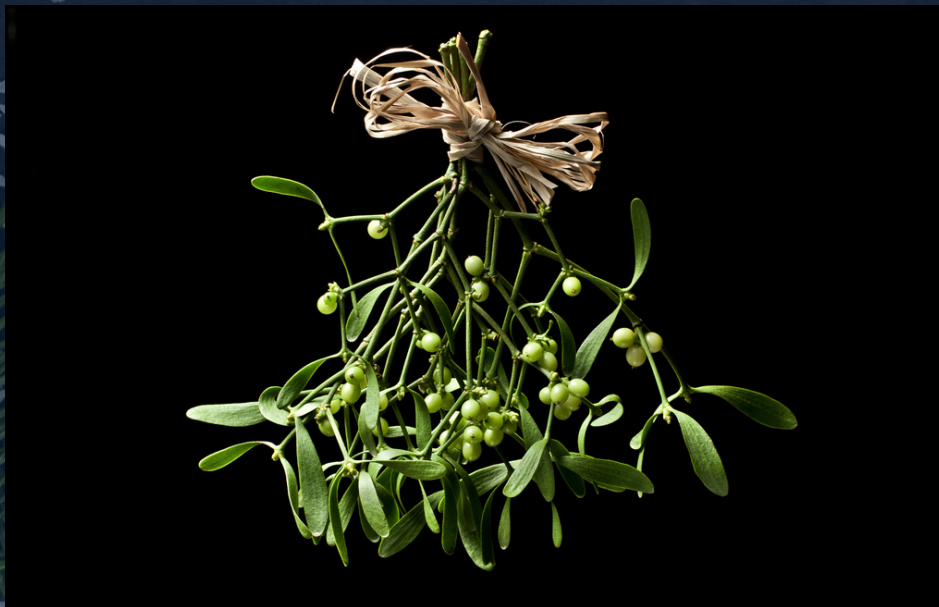

The Treudelberg Christmas Market is not only a place of enjoyment and conviviality, but also a meeting place. It is a place where a cordial togetherness is the focus.
